

My Dental Care Passport

Tips and Tricks for Passport Users and their Families and Caregivers

WHAT?

My Dental Care Passport is unique to you. It allows you to tell the dental team about yourself and your needs before you enter the office. The Passport will give you prompts on topics like how you communicate, past visits to the dentist, likes and dislikes and how you move.

WHO?

Created for people with Intellectual and Developmental disabilities, the Passport can be used by both children and adults who face challenges when visiting the dentist. The Passport asks about experiences in the past and how you feel now, so you may find it helpful to have a family member or caregiver help you when you are filling it out.

WHY?

It is critical you visit the dentist to make sure your teeth and mouth are healthy. If the dentist can get to know you better as a person, they can best prepare for your visit and work to make your trip to the dentist as successful as possible.

WHEN?

Your Passport is most useful when you complete and send it to the dental office **BEFORE** the day of your appointment. You should discuss with your office how they would like to receive your Passport e.g. by e-mail, by mail. This gives the dental team time to learn about you, make any necessary adjustments, and add the Passport to your records.

HOW?

- Only complete what you feel comfortable sharing. This information will only be available to the dental office team. It will not be shared with anyone else, including other healthcare providers, without your permission.
- You can complete the Passport online or you can print it and fill it out by hand.
- You may need help from a family member or caregiver to complete the Passport.
