Dental Champions Corner

Dental Champions are building a safety net for low-income Kansans. Kansas Public Radio reported today on plans three safety-net clinics have for expanding services in their regions of the state. Dave Sanford (Class 1), Douglas Stuckey (Class 4), and Jason Wesco (Class 1) discuss plans in Wichita, Southeast Kansas and Northeast Kansas.

Listen to the story on [Kansas Public Radio](#).

Happy Thanksgiving from Oral Health Kansas!

This season of thanks offers us the chance to tell all of our supporters how much we appreciate their hard work and dedication to the mission and vision of Oral Health Kansas. We are humbled to be able to work with such great people who truly care about the dental needs of people across Kansas. Together we have been able to accomplish amazing things to improve Kansans' access to dental providers, ways to pay for dental services, and understanding the importance of dental care. We are overjoyed with the recent victory in Salina to preserve water fluoridation, but we know we have more work to do. We are excited to continue our work with all of you who make it possible!

Are You Ready for Fluoride?

Kansas communities are facing challenges to their community water fluoridation (CWF) programs. Sometimes the community knows it is coming, other times, the challenge is a surprise. Help us be ready for fluoride by completing this quick [readiness assessment](#).

Traveling Sugary Drink Display
