

WEEKLY WEDNESDAY UPDATE

November 27, 2019

We Are Thankful!

This Thanksgiving holiday, we are not only thankful for the partners and organizations we have worked with this year, but also for the opportunities we have been given. And of course to all of you who support us and our mission to help make Kansans cavity free. Oral Health Kansas staff would like to share with you what they're thankful for this year:

"I am thankful for Monday morning staff meetings!"
- Tanya Dorf Brunner

"I am thankful to have awesome co-workers and to share with others my passion and vision of helping families raise kids who are cavity free and ready to learn!"
- Kathy Hunt

"I am thankful for the opportunity to work for an organization that is dedicated to improving the health and quality of life of Kansas and for co-workers that live out our mission everyday. And of course, thankful for hot coffee that keeps us focused while writing grants!"

- Christi Wells

"I am thankful for advancements in technology and scientific research, as well as leaders who promote public health and open access to information to benefit the common good."

- Kelly Rippel

"I am thankful for being able to walk into work every day and enjoy what I do. I am also thankful for my dog, Shar D'Nae, who sits on my lap every night and reminds me to take some time to slow down."

- Sonia Olmos
