

Statewide Oral Health Coalition Director

Oral Health Kansas (OHK) is seeking an Executive Director to manage and direct this growing, statewide 200 member coalition and non-profit organization. The Director is responsible for and manages the development, implementation, and administration of programs and initiatives that position Kansas as a leader in oral health education, prevention and treatment. Demonstrated 3-5 years non-profit organization management experience with advocacy and/or public awareness and education efforts preferred. Strong organizational and management skills are required along with experience in grant writing and administration. OHK offers a competitive compensation and benefits package.

If interested, send cover letter, resume and salary requirements to:
